ANTIOCH, ILLINOIS, THURSDAY, AUGUST 11, 1949

FIRST IN RESULTS TO ADVERTISERS

NUMBER 2

## Village Board to Meet Friday to Sign Contract For Orchard St. Utilities

### Home Owners Put \$12,601. In Escrow for Sewer, Water Mains

All signatures of payment have been obtained for the Orchard st., and Hillside st sewer and water extension project and a meeting of the village board probably will be held Friday evening in signing the contract with the Highland Park firm of Quigley and Schneider, low bidder.

Charles N. Ackerman has consented to the widening of the street and the Public Service Co. will reset its poles to permit it.

It is expected that the contractor will begin work at once so that the sewer and water connections can be made at the St. Peter's grade school by the time of the opening date in September.

The property owners have placed in escrow at the local banks, \$12,601.60, the amount of the contractor's bid, and it will be unnecessary for assessment bonds to be issued.

## V.F.W. to Play Racine Sunday; Ties Zion, 4-4, Loses to Silver Lake

The Antioch V. F. W. baseball team will be host to the Racine Blues here Sunday afternoon, seeking their eighth victory against nine losses.

During the past week the Vets lost a close one to Silver Lake and tied Zion 4-4 in a 7 inning game called because of darkness.

In Tuesday night's game Antioch got off to a bad start. The Zion Merchants combined four hits for three runs in the first inning and added a fourth on a home run by Pearson in the second inning.

The Vets went scoreless for three innings and then scored in the fourth on Wells' triple and a bad relay which allowed him to complete the circuit. Other runs were picked up in the fifth, sixth, and seventh innings while Dalgard held Zion scoreless, but was aided by two fast double plays, one coming in the seventh with a man on first and nobody out.

Silver Lake 4, Antioch 3

Antioch lost a heartbreaker Sunday to Silver Lake by the score of 4 to 3. The winning run came in the ninth inning.

Eddie Olsen was again the loser after pitching a very fine game in which he allowed but six hits, struck out eleven and issued but two bases on balls. His teammates however, although out hitting the opposition 11-6 could not connect with men on base. Jimmy Fields and Glenn Fox led the Antioch stickers with three singles each, while Jack Crandall drove in two runs with a hit and a long fly.

Antioch jumped off to a quick lead when Fields started the game with a bunt which he beat out for a hit. He went to second on a sacrifice by Scott and scored on Crandall's pop single to center.

Silver Lake took the lead in the second on hits by Vander Zee, Larsen and Krueger, but Antioch tied the game in the fourth on singles by Fox and Wells and an error by Dick Roberts who dropped Corrado's fly ball.

Silver Lake regained the lead in the fifth, when Faber struck out but reached second as Shank dropped a third strike and then threw wild to first. The runner advanced to third on an infield out and then scored on a fly ball to center by Godlewski.

Antioch again knotted the count in the seventh, but could not take the lead. Olsen held the Silver Lakers in the eighth, but in the ninth Larsen led off with a single which dropped between Fox and Vickert. Dexter bunted and was safe when the play was made at second but too late. Shank then picked Dexter off first base for the first out of the inning. The crucial disputed play then took place which meant the ball game. Grieve rolled a slow roller down the third base line which Olsen fielded. He threw to first but the throw went past first as Wells was knocked to the ground by the base runner, Larsen scoring on the play. Antioch argued that interference should have been called on the play, thus halting the runner at third. The argument was to no avail, however, and Silver Lake had the run and the victory.

## Spanish Treasure Chest And Other Antiques of Clingmans on Display

An old Spanish treasure chest dredged from the Mississippi river at New Orleans, an old Spanish pistol, cutlasses, charcoal carriers, and a wooden chest of cherry wood, all belonging to Mr. and Mrs. Carl Clingman of Rte. 173 west of the village are on display at the Antioch Liquor store.

The metal chest which had treasure in it when taken from the river, weighs 200 pounds. It and the other antiques were bought by the Clingmans.

Because of the attractiveness of the window, the Seagram Co., will use pictures of it in its company pictorial magazine, Morris Pickus, proprietor of the store said.

## Guy B. Williamson, 35, Dies Unexpectedly at His Home in Lake Villa

Guy B. Williamson, 35, of Grand ave., near Lake Villa, died unexpectedly at his home Tuesday. He was found dead in bed by his mother, Mrs. J. R. Williamson.

Mr. Williamson apparently was in good health when he retired Monday night after having spent the evening with his mother and brother, James, watching several television shows.

The funeral service will be held at 10 a. m. tomorrow (Friday) at St. Peter's church with the Rev. Francis M. Flaherty officiating. Interment will be at Ascension cemetery. The body at present rests at the home. Rosary will be recited at 8 o'clock this evening.

Mr. Williamson was born Aug. 24, 1913 in Chicago and was five years old when the family came to Lake Villa where he has lived since. He was a member of St. Peter's church and the Holy Name society. His membership in the American Legion is in a Chicago post.

He served in World War II, joining the armed forces March 3, 1941 and receiving his discharge as captain in the artillery corps, Jan. 24, 1946.

He was formerly employed as timekeeper for Swift & Co., in Chicago.

Surviving are the parents, Mr. and Mrs. J. R. Williamson of Lake Villa; two sisters, Mrs. James F. Burrens, St. Louis, Mo., and Mother Mary Kenneth convent of the Holy Child at Pasadena, Calif.; and four brothers, Charles J., of Boulder, Colo., Daniel E., of Glasco, Kan.; James E., and the deceased's twin, Lawrence P. of Lake Villa.

## Several Farmers From Antioch Win Prizes in Lake County Exhibits

Several residents of the Antioch community won prizes on their exhibits at the Lake County fair at Libertyville last weekend.

They included Thomas McGreal who won second in the milking shorthorn class, Gordon and Warren Wells won secondary prizes, Gordon with his gilt and young sow, and neatness of pen, and Warren with his grain.

The fair was well attended and there was good weather throughout. Fear of the contagion of polio kept many away, however.

All departments showed an increase in exhibits over last year except domestic science. The commercial exhibits were doubled over last year.

A move is on to get a permanent ground with a race track for next year.

## County Rural Chorus Goes To State Fair This Week

Twenty-seven members of the Lake county rural chorus will go by bus to Springfield Saturday to take part in the state fair program that evening. A state chorus of 1,500 members will sing the five numbers which county choruses have been rehearsing this summer.

The group will leave the Farm and Home Bureau offices at Grayslake at 7:30 a. m. and return Sunday evening. After seeing the fair they will visit the Lincoln home and tomb and New Salem state park.

Mrs. J. H. Van Patten and son, Ardin, of Chicago, were calling on friends and transacting business in Antioch Saturday. The Van Pattens are former residents of Antioch.

## Rescue Squad Saves Life of Chicago Woman Injured in Plane Crash

### Husband Killed Instantly as Rented Plane Falls Near Lake Villa

If Mrs. Howard L. Wilcox, 28, of 2923 Burling st., Chicago lives to raise her two children she can thank the Antioch Rescue squad.

Mrs. Wilcox, her husband already dead, was taken from the wreckage of a single motor plane in a field near Grub Hill rd., a mile south of Grand ave., at 7:10 p. m. Saturday, one arm nearly severed, a leg and her back broken and her skull fractured.

Capt. Herman Holbek and his men rapidly applied tourniquets to the wounds and other first aid methods in keeping her alive until she was taken to Victory Memorial hospital in Waukegan, and remained for three hours in helping nurses and physicians care for her.

The squad also had to cut away parts of the plane in removing the body of Mr. Wilcox who was taken to a Fox Lake undertaking establishment and later to Chicago for burial. He was piloting the plane and was killed instantly.

Mr. and Mrs. Wilcox were on their way to Skylane ranch in a rented plane to celebrate their sixth wedding anniversary. What caused the plane to crash is not known.

The children, both boys, were left with relatives.

The attending physicians said that had not the Rescue squad given early aid Mrs. Wilcox would have died to death. The men seemed to know just what to do.

## Rosemary Wolf, 11, of Loon Lake, Third Polio Victim for Antioch Area

### Twenty-seven Cases in Lake County; Ralph Gresens Recovers

Rosemary Wolf, 11, daughter of Mr. and Mrs. Herman Sterbenz, of Loon Lake, is the third polio victim in the Antioch area this year. There have been 27 cases in the county.

She became ill Monday but her case was not diagnosed until yesterday. Her stepfather, operator of a garage and filling station at Loon Lake, said that Rosemary had not been swimming, neither had she been exposed to crowds and how she got the disease is a mystery. Her illness is not severe as yet, according to word from her bedside at St. Therese hospital.

Joan Johnson, 19, of Libertyville, is another polio victim this week. She is also at St. Therese hospital. Ralph Gresens, who was treated for the disease at the Waukegan hospital, came home to Antioch last week and is practically recovered.

## Dan Sheahan Will Attend I. H. Co. Short Course At Chicago Next 2 Weeks

Dan Sheahan, of the Sheahan Implement Co., will leave for Chicago August 14, to attend a two weeks sales and management course conducted by the International Harvester Company for its dealer organization. Class sessions will be held at the Harvester Central Training School from Monday, Aug. 15, through Friday, Aug. 26.

As a member of a class of 50 Harvester dealers from all sections of the United States, Mr. Sheahan will have many opportunities during the two weeks for open forum discussions and an exchange of views on problems pertinent to dealership operations.

The course is designed to give the dealer a broader understanding of the changes taking place today in the farm equipment, motor truck, and refrigeration fields and thus enable him to better serve the needs of his customers and community.

The two weeks school is classified into four areas of instruction, orientation, personnel development, human relations and sales and management.

Mr. and Mrs. Fred W. Oschman, of Channel Lake and Mrs. C. E. Hennings plan to leave August 18 from New York where they will sail for a six weeks conducted tour in Europe.

## The National Pastime

## Elvin Keulman Dies Following Long Illness; Funeral Held Tuesday

Elvin Keulman, 36, of 839 Main st., well known merchant, and long resident of this village, died at 3:17 a. m. Saturday at Victory Memorial hospital in Waukegan following an illness of several months. He was taken to the hospital a week previous.

The funeral service was held at 2 p. m. Tuesday at the Strang funeral home with the Rev. Walter Morley of Christ Episcopal church of Waukegan officiating. Burial was in Hillside cemetery.

Serving as pall bearers were Clarence Shultis, Elmer Hawkins, Merrill Cunningham, Edward Frazier, Barney Barnstable and Einar Petersen, all members of the Antioch fire department.

Mr. Keulman was president of the Antioch fire department through election in 1947. He was the former owner of Keulman's grocery and The Sponge.

Surviving are the wife, Louise, his parents, William and Olive Keulman, a sister, Mrs. Irene Tiffany, of Waukegan; and four brothers, Russell, William, George, and Aretas, all of Antioch.

## Three Chicago Families Lose Belongings in Fire At Nolan Resort Cottage

The Antioch fire department was called to Petite lake last Thursday evening in extinguishing a blaze that destroyed the interior and contents of a cottage at the Nolan resort with a loss estimated at \$1500.

Frank Pape, a Chicago police sergeant on vacation, discovered the blaze and used hand chemicals to check it until the fire department arrived. His action is believed to have kept the fire from spreading to other nearby cottages.

The cottage was occupied by the families of two Chicago policemen and a fireman, but the three women and eight children were at the beach swimming when the fire started. They lost almost all of their clothing, but a fireman saved a traveling bag containing their money.

The cottage was rented by Edward Meehan, but he nor the other two men were there, having remained on duty. The women and children were given lodging in another cabin over night.

The firemen did good work in confining the blaze to the one cottage. Defective wiring was ascribed as the cause of the fire.

Two other calls of the department were grass fires at Channel lake.

## 1st Annual North Chicago Housekeeping Institute

The citizens of Antioch will have an opportunity to attend the First Annual Housekeeping Institute to be held in North Chicago, September 15, 16, 17. The Institute is sponsored by the North Chicago Chamber of Commerce to stimulate business and to bring to the householder the advantages of the latest in styles, cooking, interior decorating, and household appliances.

Daily demonstrations will be given for spectators on the stage of the Central School Auditorium, (18th & Jackson) and there will be dozens of booths set up by local and national manufacturers to show their latest products. In addition to the stage demonstrations, there will be top radio and television talent in a two hour evening entertainment. Daily prizes will be awarded throughout the three day affair. Admission and opportunity to partici-

## Loren D. Sexauer Buys Interest of Partner Harry Krueger, Realtor

Loren D. Sexauer yesterday announced that he has purchased the interest of his partner, Harry J. Krueger in the real estate and insurance business and will operate the Lake st. business under his own name.

The firm of Krueger and Sexauer was formed in Antioch on Nov. 1, 1946. Mr. Krueger, whose home is at Lake Catherine, entered business here three years previous although his home had been in this community for a longer period.

Messrs. Sexauer and Krueger were associated in business in Chicago a number of years ago before coming here and the firm name then was Sexauer and Krueger. Here it was Krueger and Sexauer.

Already having established himself in the community Mr. Sexauer needs no introduction.

## Daniel Smith, Bluff Lake Resident, Dies

Daniel C. Smith, 72, of Bluff lake died Sunday August 7, at the Lake County General hospital, Waukegan, following a lingering illness.

He was born October 24, 1876 in Chicago. He had made his home in Antioch for the past seven years and previous to that in Chicago. He was a retired cigar store clerk. Surviving is his wife Jeannette.

Funeral services were held at 2 p. m. Wednesday from the Strang funeral home with the Rev. Roberts Ehrigott of St. Ignatius Episcopal church officiating.

## Wife of Carnival Man Died Unexpectedly of Heart Disease Sunday

Mrs. June Panacek, 47, wife of the operator of the merry-go-round at the V. F. W. carnival here suffered a heart attack Sunday at the carnival grounds and died a few minutes after being admitted to Victory Memorial hospital in Waukegan.

Dr. Irving Breakstone first attended her and then called the Antioch Rescue squad which administered oxygen half an hour in reviving her, as they took her to the hospital. She succumbed, however, shortly after being taken to her room.

An autopsy was performed at Waukegan Monday and the body was then taken to Milwaukee where the service was held in the Becker funeral chapel and burial was in Holy Cross cemetery.

Mr. and Mrs. Allen Whitmore, of Ottawa, spent Friday and Saturday in Antioch the guests of Mr. and Mrs. S. B. Nelson and other friends. The Whitmores are former residents of Antioch.

Participation in the prize drawings will be through tickets distributed by local North Chicago merchants.

The Housekeeping Institute was announced by Gordon Calame, President of the North Chicago Chamber of Commerce who extends an invitation for all Antioch News readers to attend. The Institute opens at 2 p. m. and continues through 10 p. m. each day.

## Antioch High to Open Wednesday, Sept. 7, But Registration Is Earlier

### Book Purchases and Locker Rentals to be Made On Sept. 6

The Antioch Township High school will open the 1949-50 school year at 9 a. m. DST Wednesday, Sept. 7, T. R. Birkhead, principal announced this week. School will be in session for a full day on that date and the cafeteria will be in operation.

Students who attended the high school last year and incoming freshmen who registered last spring will be given opportunity to change their registration if they desire to do so on Wednesday, Aug. 17.

The high school office will be open for this purpose from 9 a. m. to noon; from 1 p. m. to 4 p. m.; and from 7 p. m. to 9 p. m. If it is impossible for the students to appear on that day, Principal Birkhead asks them to have someone appear in their behalf then.

Students who are new to the community or did not register last spring are also asked to report during that day to register so that their programs may be completed before the opening of school.

The book store will be open for the purpose of selling books and supplies to students on Tuesday, September 6, the day before school opens. All students should make an earnest effort to secure their books on this day, said Mr. Birkhead. The book store will be open from 8 to 12 o'clock noon; 1 to 5; and 7 to 9 p. m. on this date. In addition to securing textbooks and supplies students should also pay their locker fees and get their locker assignments so that their books may be left in their lockers, he said.

"It is hoped that all students are having a pleasant summer and are looking forward to the opening of school. I should like to urge all students to return to school in September to continue their education. Even though it may mean giving up a rather lucrative position at the present time. I am sure you would profit financially and other ways by completing your high school education before taking up your life's work," urged Principal Birkhead.

"May we restate that only those students who wish to change their registration from the way it was left last spring and students who are registering for the first time need appear on August 17."

## Mrs. Belle Fox, 79 Dies at Home of Her Daughter in Antioch

Mrs. Belle Fox, 79, of Antioch, died Monday, August 8, at 2:30 a. m. at the home of her daughter, Mrs. Lois Laursen, following a lingering illness. She was born March 4, 1870 in Bristol Township, where she lived all of her life, with the exception of the past seven years she lived in Antioch with her daughter.

Her husband, Edward, preceded her in death May 28, 1933. Two brothers Joseph and James Britton also preceded her in death.

Survivors are one son, Ellsworth of Bristol, Wis. Mrs. Laursen, three grandchildren and four great grandchildren. Funeral services were held from the Strang funeral home today (Thurs.) Burial was in Hosmer Cemetery at Bristol.

## G. D. McCallum Dies at Veterans Hospital Fri.

Clarence D. McCallum, 74, of Lily Lake, near Burlington, Wis., died Friday, August 5, at 8:22 a. m. at the Veterans Administration hospital at Downey. He was born March 28, 1875 at Binghamton, New York. For thirty-three years he made his home at Wilmette and for the past seven years had lived at Lily Lake. He was a member of the Wilmette Masonic Lodge and was a past Master of the Wilmette lodge. His life's work was that of Consulting Electrical Engineer.

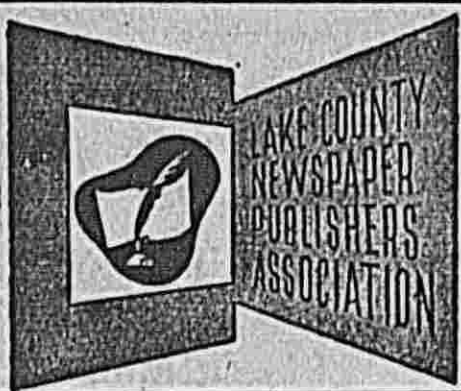

Survivors are his wife, Marie, a son, of Wilmette and one granddaughter. Funeral services were held Monday, August 8, at 2 p. m. from the Strang Funeral Home. The Wilmette Masonic Lodge officiated. Burial was in Memorial Park cemetery at Skokie, Illinois.

## Oil Has A Birthday

On August 27, the American oil industry will be 90 years old. On that historic date in 1859 Colonel Edwin L. Drake brought in the nation's first commercial oil well at Titusville, Pennsylvania.

Today oil is one of the basic necessities—practically every American uses it in many forms each day of his life. But matters were very different then. Colonel Drake was ridiculed. He was harassed by creditors. He was forced to contrive his own tools and techniques as he went along, on a trial and error basis. But he had a full measure of perseverance and ingenuity—traits which still mark the great industry he founded.

We have demanded oil, for the arts of peace and war, in an ever-increasing flood. We have demanded more products, and better products. The industry has never failed. It has built up our proved reserves to an all-time high, even as consumption was outrunning all the forecasts. It has devised conservation measures to prevent waste. It has performed miracles in its research laboratories. It has reinvested a large part of its profits to expand and modernize and improve its facilities, so that we can obtain the oil products we want at any time.

All of this has happened in less than a century. When Colonel Drake sank the first well, a new and brilliant chapter in the history of the world was started. We are on a long way from the end of it.

## The Truth About Valley Authorities

Tom Humphrey, of the Portland, Oregon, Journal, recently made a trip to the Southeast, and wrote a series of factual articles concerning the vices and virtues of TVA as he saw them. His paper sent him on the assignment for the reason that a similar

kind of authority is now being urged for the Pacific Northwest.

In a speech, Mr. Humphrey listed some cogent specific objections to the authority form of development. First of all, he said the Pacific Northwest has cheaper power, more extensive rural electrification, and a much higher per capita income than the states within the TVA orbit.

Second, he said that the labor employed by TVA lives under a virtual dictatorship. The workers are told once a year just what the conditions of employment will be, and there is nothing they can do about it.

Finally, he observed that "we in the Pacific Northwest have come farther and faster than TVA and at two-thirds of the cost."

The big point is that there is no magic in any of the authority schemes. They simply amount to a political approach to problems which should be handled by the regions themselves, with local capital, local initiative, and local control. Worst of all, the authorities, no matter how benign they may appear at first glance, always develop into super-governments, against whose decisions there is no effective right of appeal. They inevitably turn into dictatorships. If you don't like their policies, all you can do is leave.

That is true of TVA. It would be true of valley authorities and administrations in any other part of the nation.

\* \* \*

## The Low Down From Hickory Grove

You know, this governor of Utah, Mr. Lee—that boy sees eye to eye with me. He figures States should have some self-respect—also some independence. I been harpin', till maybe some people are tired, on where we are coming out as more Governors and Mayors and Chambers of Commerce keep on being took-in by this Big Govt. scheme of putting up half, if the State or the County or the Town will put up the other half for a new flock of swimming pools, or an air-port, etc., etc.

You go to work and elect yourself a Gov., or a Mayor, and you figure he has been around some—knows that all the dinero in Sambo's jeans is put there by us citizens—and knows, too, that every time Sambo divvies one half for anything that he puts it on your income tax bill next spring. That is what the Gov. and the Mayor should know—and positive.

But this Governor Lee, he is one that does savvy. He waded into the Gov. of California and told him at the meeting of governors in Colorado Springs that the time may be coming when Gov. Warren could fold his tent as governor—as Washington, D. C. took over California, lock, stock and barrel via gifts.

Those Utah folks sure picked out for themselves a governor who is no green pea.

Yours with the low down,  
JO SERRA

## LAKE VILLA

Rev. Rodd and family are still on vacation and Mr. Francis R. Lewis, of Seattle, Wash., who is a Senior student at Garrett Biblical Institute at Evanston will be guest minister. His sermon topic will be "What Makes a Person Religious?" Miss Sue Weber will sing at this service. A nursery for small children is maintained in the basement during the service.

The date for the annual church school picnic is set for Aug. 25, so watch for announcement of the place.

The W. S. C. S. held its regular meeting at the church last week and the next meeting will be held at the same place on Sept. 7. In the meantime many of the ladies are preparing articles for the next bazaar and making plans for a busy fall season.

Misses Diane and Janet Sheehan, of Antioch, spent last week with their grandparents, Mr. and Mrs. Paul Avery, Sr.

The Camp Fire girls under leadership of Mrs. Elmer Monnier have returned from a trip to Ladysmith, Wis., in a bus they recently purchased and report a delightful trip with nothing to mar their pleasure. They covered 1050 mi. and camped overnight in state parks and cooked their meals in the open. They visited many interesting places including Cave of the Mounds, Wisconsin Dells and while in Ladysmith they rode the camels of the Madison, Wis. Shriners and had their pictures taken. They wish to thank the many individuals, the Men's Club, Companies and stores, which all contributed so generously that they had plenty to eat and drink on the way. They will pick up your waste papers as follows: on the first and fifteenth of the month at Lake Villa, on the 2nd and 16th of the month at Deep Lake and on the 3rd and 17th of the month at Cedar Lake if they are well tied in bundles. Please call Mrs. Elmer Monnier 3722 for pick up.

Mrs. B. J. Galiger, of Monaville, is with her daughter, Mrs. Tilden O'Connor, who has a new baby daughter at her home near Watage, Ill., which is also near Galesburg.

Charles Hexom, who is preparing to be a telegraph operator for the Soo Line and working at the local depot under the operators here, spent Sunday at his home in Decorah, Iowa.

Mr. and Mrs. Henry Nader drove to Fond du Lac, Wis., on Friday evening and their nieces, Joan and June

# SOCIETY EVENTS

## Grand Officers Attend Reception For Hunter Twins

A number of grand officers of the Order of Rainbow for girls attended the reception given at the Masonic temple here Monday evening for Miss June Hunter newly elected grand worthy adviser of Illinois for the Order of Rainbow for Girls.

Jean Pagel, acting drill leader, escorted June and Jane to their seats through a line of officers holding letters spelling their names. Miss Sue Weber, Lake Villa, sang the "Alphabet Song," and "Because" for the honored guests.

Other grand officers attending the reception were Pat Lennon, Chicago, grand fidelity; Ruth Koch, Loyal assembly, grand recorder; Patricia Turner, Jewel assembly, grand love; Alice Spain, Metropolitan assembly, grand immortality; Jackie Katz, Jacksonville assembly, grand confidential observer; Ila Mae Baker, Waukegan, grand charity; Shirley Sutton, Libertyville, grand outer observer; Elaine Richter, Chicago, grand representative to Texas; Muriel Kleven, Oak Park, grand representative to Pennsylvania; Jean Davis, Jewel assembly, grand representative to Louisiana; Doris Kutzer, Loyal assembly, grand representative to Montana; Moretta Knipple, Waukegan, grand representative to California; and Roseann Atlason, Libertyville, grand representative to Michigan.

Mrs. Martha Hunter, mother of the twins, a grand sub-deputy, was introduced as were the worthy advisers of Radiant assembly and Bensenville, the mother advisers of other assemblies and dignitaries of the Masonic and Eastern Star lodges. Assemblies represented were Chicago, Loyal, Jewel, Metropolitan, Jacksonville, Oak Park, Waukegan, Bensenville, Libertyville and Antioch.

Miss June Hunter announced that she will make an official visit on Sept. 13 to Jewel assembly, Chicago, and the Florence Nightengale assembly on November 11. She also informed the Rainbow that the grand worthy matron has invited them to the opening night of grand chapter to be held in Chicago Oct. 4. Her motto for the year will be "We help ourselves only as we help others."

A short program was given by Gill Mahoney, tap dancer, accompanied by Janice Runyard on the accordion; a reading by Charlene Nelson, and a two-way telephone conversation by Mrs. William Dow and Miss Verna Mae Kufalk. Refreshments included ice cream molded into flowers and cookies. The center piece of the buffet table was a miniature set of dolls and furniture resembling an assembly in session.

### MINISTER FROM ATOMIC AREA TO SPEAK HERE

Rev. R. A. Anderson of Pasco, Washington will deliver the sermon at both the 8 o'clock and 11 o'clock services at The Methodist Church Sunday morning.

Rev. Anderson is the father of Rev. G. Richard Tuttle, minister of the Antioch Church. He is the minister of the First Methodist Church in Pasco, situated in the heart of the atomic energy area in the eastern part of Washington State. He will speak on the subject, "No Green Pastures."

Rev. Tuttle will conduct the worship service Sunday morning. Mr. Richard Kauffman will be the soloist at the 11 o'clock service. He will sing, "Open the Gates of the Temple." The organist is Mrs. William Dow.

A nursery for small children is maintained at both the 8 and 11 o'clock services. The nursery at the 8 o'clock services is led by Misses June and Virginia Petersen. The heads of the nursery at 11 o'clock are Mrs. Sigurd Nielsen and Mrs. Robert Cary.

Rev. and Mrs. Anderson plan to spend two weeks in Antioch with their son and daughter-in-law before returning to the Pacific coast.

### ATTEND WEDDING OF MR. AND MRS. WIKOFF COUSIN

Mr. and Mrs. C. W. Wikoff, of Urbana, spent the weekend with their parents, Mr. and Mrs. Joseph Rhymer, and attended the wedding of their cousin, Miss June Banks, of Grayslake.

Miss Banks became the bride of Donald Anderson, of Waukegan, at the Congregational church at Grayslake, Saturday, Aug. 6. Mrs. Wikoff was her cousin's bridesmaid and Bernard Anderson, brother of the groom, was best man. After the reception, held at the Colony House, Mr. and Mrs. Anderson left for a wedding trip to Colorado Springs.

Mrs. H. B. Gaston and her sister, Mrs. Elizabeth Behler of Woodstock spent the weekend with relatives in Ottawa.

## Betty Jean McDougall To Model at State Fair

Betty Jean McDougall of Rte. 173 again will be one of the representatives of Lake county at the 4-H dress review at the Illinois State fair as the result of her showing at the Lake county fair last week.

Others in her group are Rita Craft, Gurnee; Rosemary Bolton, Russell; Orpha Crook, Volo; and Doris Stone, Grayslake.

Jean Kauppila of the Howe club will give her demonstration on "How to Make Brownies", and others of the demonstration group who will attend are Naomi Brausch and Phyllis Drazine, Grayslake; Marilyn Heuer and Linda Beck, Libertyville.

The following girls have sent their winning dresses in construction:

Jo Ann Miller, Volo; Shirley Streich and Dolores Naffziger, Zion. Mrs. Helen Volk, county home adviser, will attend the fair and assist with the style revue given each day at the fair. Mrs. Harland Craft, leader of the Fair and Square club at Gurnee, will take a group of girls to the fair and serve as their chaperon.

## Library Notes

This year is the centennial of the gold rush year of 1849. Among the many books written about that period of rapid expansion in our history, "Wells Fargo" by Edward Hungerford, is outstanding.

"Wells Fargo" is high adventure, the pony express, the problems of transporting gold and supplies through a bandit infested wilderness be superceded by the trans-continent and stage coach travel so soon to ental railroads. Wells, Fargo and Company accepted the challenge of the frontier and even added to their express service the banking facilities greatly needed on the booming Pacific Coast.

"Wells Fargo" was presented to the library in memory of C. L. Kuttil.

### ST. PETER'S BAZAAR AND SUPPER, AUG. 14

Members of St. Peter's church are sponsoring a bazaar and supper at the church grounds Sunday, Aug. 14. The Bazaar will be held on the grounds, starting at 3 o'clock. The supper will be served from 4 to 7:30 p. m. in the church hall. Everyone invited to come and enjoy a wonderful supper and to take advantage of the bazaar, as the ladies will have many beautiful and useful articles for sale.

Mr. and Mrs. Fred Schenk, of Cleveland, Ohio, spent last week with Mr. and Mrs. George Kuhaup. The Schenks are friends whom the Kuhaups met while wintering in Ft. Lauderdale, Florida. The Kuhaups accompanied by Mr. and Mrs. Schenk attended the wedding of Mrs. Kuhaup's nephew, Mr. James Leigh at Milwaukee Saturday.

Mr. and Mrs. Roger Miller, of Orlando, Fla., are guests of Mr. and Mrs. Raymond Cobb. Mrs. Miller is the former Nellie Cobb of Lake Marie.

Mrs. Luster Badger and Mrs. Otto Dolar left recently for a trip to Detroit, Mich., and Canada.

Mr. and Mrs. Roger Miller, of Orlando, Florida, were guests at the Joseph Rhymer home Sunday.

Mr. and Mrs. Elmer Rentner and children are vacationing in northern Wisconsin.

## Hunter Twins Honored at Reception

June Hunter (left) grand worthy advisor, and her twin sister, Jane Hunter (right) grand chaplain, of the Order of Rainbow for Girls were guests of honor at a reception given Monday night by the Antioch chapter at which June Petersen (center) worthy advisor, presided. The Hunter twins hold the state organization's highest honors.

## Expects Death, Raises Own Marble Statue, Orders Coffin, But Lives 40 Years Afterward

Carmi, Ill.—Thirty-one years ago, William Rebstock, tavern owner here, was told he had tuberculosis of the bone and agreed with the doctors he could not recover.

So he employed a monumental works to prepare a unique burial marker and bought a plot in St. Polycarp cemetery here. He helped raise his own life like figure carved in Italian marble on a granite block.

Then he got well.

Ten years ago he had a second illness and doctors thought he wouldn't recover. He ordered a coffin and the grave diggers to get busy.

Again he got well, and the coffin was put in storage.

Now the monument shows him in clothing far out of style, and tourists who see the living Rebstock drive to the cemetery to see his effigy and his anonymous friends keep a bouquet of fresh flowers in one of his stone hands.

Rebstock, who drives a 1913 Ford, says he will go out in style when his time comes.

## How To Get Help When Polio Strikes

1. At the first sign of illness, call your own doctor. If he suspects polio he will report the case to the local Health Department and arrange for hospitalization or home care, as indicated. The National Foundation does not select physicians or hospitals. This is a family matter. If you have no family physician, call your City or County Medical Society, your Board of Health or the nearest hospital.

2. If your doctor says it is polio and requires hospitalization, the local Chapter of the National Foundation will help arrange for transportation to a treatment center. As soon as the patient goes to the hospital—or if your doctor advises the patient can be treated at home—get in touch with your Chapter of the National Foundation to arrange for any needed assistance.

a. Most Chapters are listed in the telephone book under N for National Foundation, I for Infantile Paralysis and the letter starting the name of the county you live in, i. e., Washington County Chapter of the National Foundation for Infantile Paralysis. If you can't find it, check with your doctor, hospital or Health Department.

b. Your Chapter will get in touch with you as soon as it learns of the case through your physician, the hospital or the Health Department. However, late reporting or a heavy hospital load may delay this Chapter contact. If you do not hear promptly, telephone or visit your Chapter representative. You can ease your own worries sooner by making the approach yourself.

3. The Chapter representative will notify the hospital that it is arranging with you for full or partial payment of expenses for medical care. Adults are as eligible for help as are children. Discuss with your Chapter how much of the full bill the Chapter will pay.

a. March of Dimes funds are used to help the medically indigent—but this not the same as "indigent," it includes families of moderate income, who cannot meet the high costs of modern care of this expensive disease. The help is a gift—not a loan. While families that can pay are expected to do so, no family is expected to impoverish itself to meet medical expenses for polio.

b. Even if you can assume full costs for initial hospitalization, it is a good idea to see your Chapter. If yours should be a patient who is severely affected—and this cannot be determined in the first few days—you may need help later on. Bills incurred in the weeks before your Chapter assumes financial responsibility cannot be paid months afterward, but the Chapter will step in at whatever time you really need help. Have a frank, friendly talk with your Chapter representative at the beginning.

4. Chapters pay for hospitalization, professional services including nursing and physical therapy, transportation to and from hospitals, convalescent centers and clinics, treatment after hospitalization and appliances such as wheelchairs, braces, etc., as needed. There are no hard and fast rules. Each case is decided upon individual medical and financial needs. Assistance is given regardless of age, race, creed or color. More than 110,000 polio patients were directly assisted in full or in part up to the end of 1948.

5. In addition, your Chapter can put you in touch with proper sources for nursing and physical therapy at home, can refer you to rehabilitation and vocational training agencies, will provide literature designed to foster better understanding of infantile paralysis—so you will know what to expect and how to help your polio patient back to a useful life.

These services are made possible by the March of Dimes each January.

Farm Tractors in Britain  
About a quarter of a million farm tractors are in use in Great Britain.

## Censorship Rules Still Holds News From Most of World

WASHINGTON.—Censored! That word still rules the news for many sections of the world.

The degree of restraint varies: In some countries—the Soviet Union is one—the censor sees all the news and cuts out anything he considers unfavorable.

In others, restrictions and pressures are heavy upon the press and upon persons or organizations that make news. That amounts to a censorship at the source, to a stoppage in the flow of information.

Considerable restraint affects the news flowing from about a fourth of the world's populated area. That figure may seem small, but the effects of censorship are so far reaching that they have the world in doubt and suspicion.

Correspondents throughout the world have completed another periodic survey of censorship conditions. The survey shows no major barriers have come down in the six months since the last roundup of the situation. In fact, new barriers have been erected—for example, in China, torn by civil war.

The main exponent of censorship remains the Soviet Union. Censorship there is especially important because it helps hide from the rest of the world the conditions that exist in one of the two most powerful countries.

Thus it is impossible for an American reporter in Moscow to send what he considers a balanced report of economic conditions in the Soviet Union. Unless there is an official announcement, he cannot tell you the current ratio of wages to the price of food in Moscow.

The Moscow censor is likely to cut from a correspondent's copy any qualifying phrases the writer has inserted to balance a news story on Russian developments.

The Russian idea of keeping a tight control on the press and radio, making it answerable to the government's orders, has spread to other countries within Moscow's sphere of influence. However, those countries exercise less restraint upon foreign correspondents.

## Polar Bear Cub Learns To Swim, But Takes Time

MILWAUKEE.—After six months during which its mother fretted and worried, the newest polar bear cub at the Washington Park zoo here finally had learned how to swim.

The cub got a low opinion of water when it slipped into the icy water accidentally.

Like any sensible person on a cold day, the young polar bear got out of there as fast as possible and went shivering to the warmest part of the cave.

After that, Sultana II, the cub's mother, couldn't get it near the pool. The keepers tried, too, but the cub wanted no more of it.

But suddenly things changed. Without warning, the cub started swimming, and now there's no keeping it out of the water. Nobody knows what happened. The keepers guessed the cub might have slipped in. Or its mother may have feared her child was becoming abnormal and pushed it in.

## War on Lake Gnats Will Require Vast Poison Use

CLEAR LAKE, CALIF.—One of the biggest doses of poison ever mixed—nearly 200 billion gallons—was to be used here soon in an attempt to free Cedar Lake, a famous vacation spot, of pestilential gnats.

The whole lake, covering 40,000 acres, was to be poisoned for gnats. A fleet of small boats would dump many tons of TDE, one of the new insecticides, into the lake in a blitz operation.

Federal and county insect control workers said it probably would be the largest undertaking of its kind.

A day or two before the maximum hatch of gnats is to appear, the boats would deposit the poison. Theoretically it would prevent the birth of billions of gnats and perhaps break their chain of reproduction so that they never again will appear in such enormous numbers as they have in the past.

On warm evenings in middle and late summer the gnats become so thick that automobile driving is hazardous. Dead gnats pile up in drifts along some parts of the lake shore. Spiders which use the gnats for food become so numerous that their webs form silvery drapes on trees, poles and buildings.

The gnats hatch in the water and emerge at the rate of 3 1/2 to 7 billion a day. The total hatch one year on about two-thirds of the lake was counted at 712 billion, or 358 tons. A million gnats weigh about one pound.

The evening swarms are periods for egg-laying. The eggs are laid on the surface of the water. In some places they number 10 million to the square foot.

Arthur W. Lindquist, U.S. Agriculture Department entomologist who did much of the research leading up to the poisoning project, said the concentration of poison would not be sufficient to affect the fish in the lake, and would not interfere with activities of vacationists.

## SHORT STORY Smiling Loser

By Richard Hill Wilkinson

KIRBY FOUND the girl seated on an upturned box behind the stables crying. He hesitated, feeling awkward, then said:

"Hello. Anything wrong?"

She looked up quickly, appraisingly. "No, please go away."

Instead, Kirby squatted on his heels. "You must have lost some money on that last race."

Black Fox fooled every one by not coming in. I lost too."

"I suppose I'm a baby to cry, but I couldn't help it. I—we—father and I staked everything on Black Fox. Then that terrible I'm-a-Runnin', who nobody thought had a chance, had to win."

She hesitated, dabbing at her eyes. He seemed like a nice young man. And she did so want company and to talk...

He discovered her name was Polly Hayden. The next day he called at her house and met her father, a jolly faced old gentleman with white walrus moustaches.

"We really shouldn't feel so badly," Polly told her father after the introductions were over. "Kirby lost a lot more than we and he isn't complaining at all."

That night Kirby and Kirby had dinner at a little inn out on the Tamiami trail.

He knew she was wondering when and how he was going to pay his racing debts, and where he was going to get the money to establish himself in the law business. You just can't hang out a shingle in Miami and expect business at once.

But he didn't offer the information. The next day he hired an office on Flagler street, then called up Col. Stratton and asked that racing enthusiast to meet him at Hialeah.

"Colonel," he said over a sandwich and coffee an hour later, "I'm going to take you up on the offer you made me for I'm-a-Runnin'. He's yours for \$50,000."

The colonel stared. "Now wait a minute, Kirby. Has the horse died or broken a leg or something?"

"Nothing of the sort," Kirby laughed. "I'm quitting racing for good. It's no business for an energetic young lawyer to be wasting

"We'll buy another horse, won't we—we both love horses, don't we?"

his time at. I hired an office this morning."

They went out to the stables and looked at I'm-a-Runnin'. The colonel couldn't understand it, but he wrote his check for \$50,000 and the papers were passed. Conscious of a queer sensation in the pit of his stomach, Kirby headed back for the stables for a last farewell. Outside I'm-a-Runnin's stall he stopped dead still at sight of Polly Hayden talking with his stable boy.

HER EYES blazed at him. "Sol! The good loser. The man who can lose everything, who will have to spend the rest of his life paying his racing debts and still smile! Oh, what a fool I've been!"

"Wait a minute! Listen!" He caught at her arm but she jerked away. He followed her out to her car. "You've got to listen," he said desperately, getting in beside her. "I only did it because I thought it would make you feel better. And it worked. I meant it when I said I was through with racing. I've sold I'm-a-Runnin' to Colonel Stratton. Look!" He held out the bill of sale and the check.

She stared at him round-eyed, frightened. "Oh, you shouldn't have! Kirby, you shouldn't! You'll never be able—I mean, you love horses. Any one can see that. You loved I'm-a-Runnin'."

"Not half as much as I love you," he told her soberly. He put his arm around her. "You believe that, don't you? You must believe it."

"Darling, of course I do. And I am glad that you're going to be a respectable lawyer, only—only—"

"Only what?"

"Well, sometime, after we've been respectable for a good long while, we'll buy another horse, won't we? A horse as great as I'm-a-Runnin'? Because—we both love horses, don't we?"

"We do," Kirby agreed joyfully.

## Danny Boyle - Bob Hogan To Box at Lake County Stadium Saturday Night

Another all star boxing and wrestling show will be staged Saturday night in the Lake County Stadium in Round Lake Park. The bouts are under the auspices of the Round Lake Park Business Men's Club.

Matchmaker Lou Orr has five boxing matches and two wrestling bouts ready for the fans. Heading the boxing card will be two welterweights Danny Boyle, of North Chicago and Bob Hogan, of Delavan, Wis. They are two of the leading fistic prospects of the Lakes area.

Connie Walker, who has a record with the fans will take on Ted Bracke, rugged heavyweight from Arlington Heights. The pair of punchers may produce a knockout. Middleweights have their inning too. Jerry Lenard of Mundelein takes on Don Sonnenfeldt of Fox Lake in what appears to be a grueling and intense battle.

A pair of lightweights Henry Cole, of Round Lake Beach and Carl Madonie, of Chicago will clash and Joe Topolewski of Long Lake battles Herman Wasmund in the opening stanza.

The entire card of matches are of the slam bang variety and Fred Kohler of the Round Lake Park Men's Club, who co-operates in staging the cards believes the show is the best of the summer season.

## Kimball Residence Lake Villa Badly Burned

M. H. Kimball, whose house south of Lake Villa on Rte. 21 was partly destroyed by fire Tuesday evening, is selling off his furniture which was but little damaged.

Cause of the fire is not known as no one was present when it started, but the Lake Villa firemen believe it started in a rear lean-to. Mr. Kimball has been living at Elmhurst and spending weekends at the cottage recently. He estimated damage at \$2,500.

## Bright Garnish

A clever garnish for pork shop platter: Cut a cucumber into one-half inch slices. Again cut each slice, but not quite through, then slip a thin slice of red radish into the cucumber.

## Woodland Grazing

Grazing of woods destroys young trees and removes the cover that lessens soil and water loss.

## Electric Motor

The electric motor, now the chief motivating force of rolling mills, was developed from the dynamo in 1873.

**Sting Rays**  
Some of the fresh-water sting rays of the great Orinoco river in Venezuela are found more than 1,000 miles inland from its mouth. All have a long, sharp spine, usually in the middle of the tail.

**Back Priming**  
When a coat of paint is applied to the back of woodwork and exterior siding to prevent moisture from getting into the wood and causing the grain to swell, it is said to be "back primed."

**Flood Protection**

Positive protection against flooded basements is more essential today than ever before because of the possibility of damage to motors used with oil burners, stokers, and automatic washing machines. The growing use of basements for recreation and hobbies also emphasizes the need for flood protection.

**Good Tires Important**

Good tires and tire maintenance are the mark of the good motorist, and they are bona fide insurance against traffic accidents caused by tire failure. By the same token, smooth tires, improperly inflated tires, tires having cuts and bruises invite accidents.

**One-Inch Steaks**

It did prefer his steak rare; it will take from 15 to 20 minutes cooking time for one-inch steaks. Medium done steaks require from 20 to 25 minutes. Thicker—two-inch steaks cook in 35 to 40 minutes for rare and around 45 minutes for medium-done.

**Chlorine in Water**

Only a relatively small amount of chlorine is used to treat water, and much of this disappears while it stands in pipes, reservoirs, etc. The amount in the water we drink is so little that our bodies can readily dispose of it without harm.

**Marine Landings**

Since 1775, United States marines have made more than 200 landings on foreign shores.

**First Papermaker**

The hornet, one of several large wasps, was the first papermaker on earth. Hornets make paper by chewing up wood and plant fibers, the material from which their homes are built.

**One for Each 1,500**

There is one trolley coach, street-car and bus for every 1,500 persons in the United States.

# Wonderful New Comfort

*The Beautiful Chrysler | Silver Anniversary Model*

New Convenience! Easiest car ever made to get into and out of. Women enter and leave with dignity. Common sense engineering of wider doorways, and natural step-in, entrances make it seem absurd ever to have to wrestle your way in and out of a car.

New Yorker 4-door sedan with  
PRESTOMATIC FLUID DRIVE\* TRANSMISSION  
—drive without shifting

New Wider Chair-Height Seats! We don't fold you up like a "jackknife." You sit comfortably in seats the height of your easy chairs at home. We've more headroom, legroom, and shoulder room for you. And no other car has ever been so completely engineered from the fundamentals up for your comfort, your convenience, your peace of mind.

New Easier Steering! In one of the great advances since the war, we give you new "center control" steering. For the first time, the rods of equal length give you balanced control. There's no wheel fight. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving.

New Smoother Driving! Chrysler's mighty Spitfire engine now has still higher compression for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water but it won't stall. You get quicker starting, even in dampest weather, smoother idling, longer life.

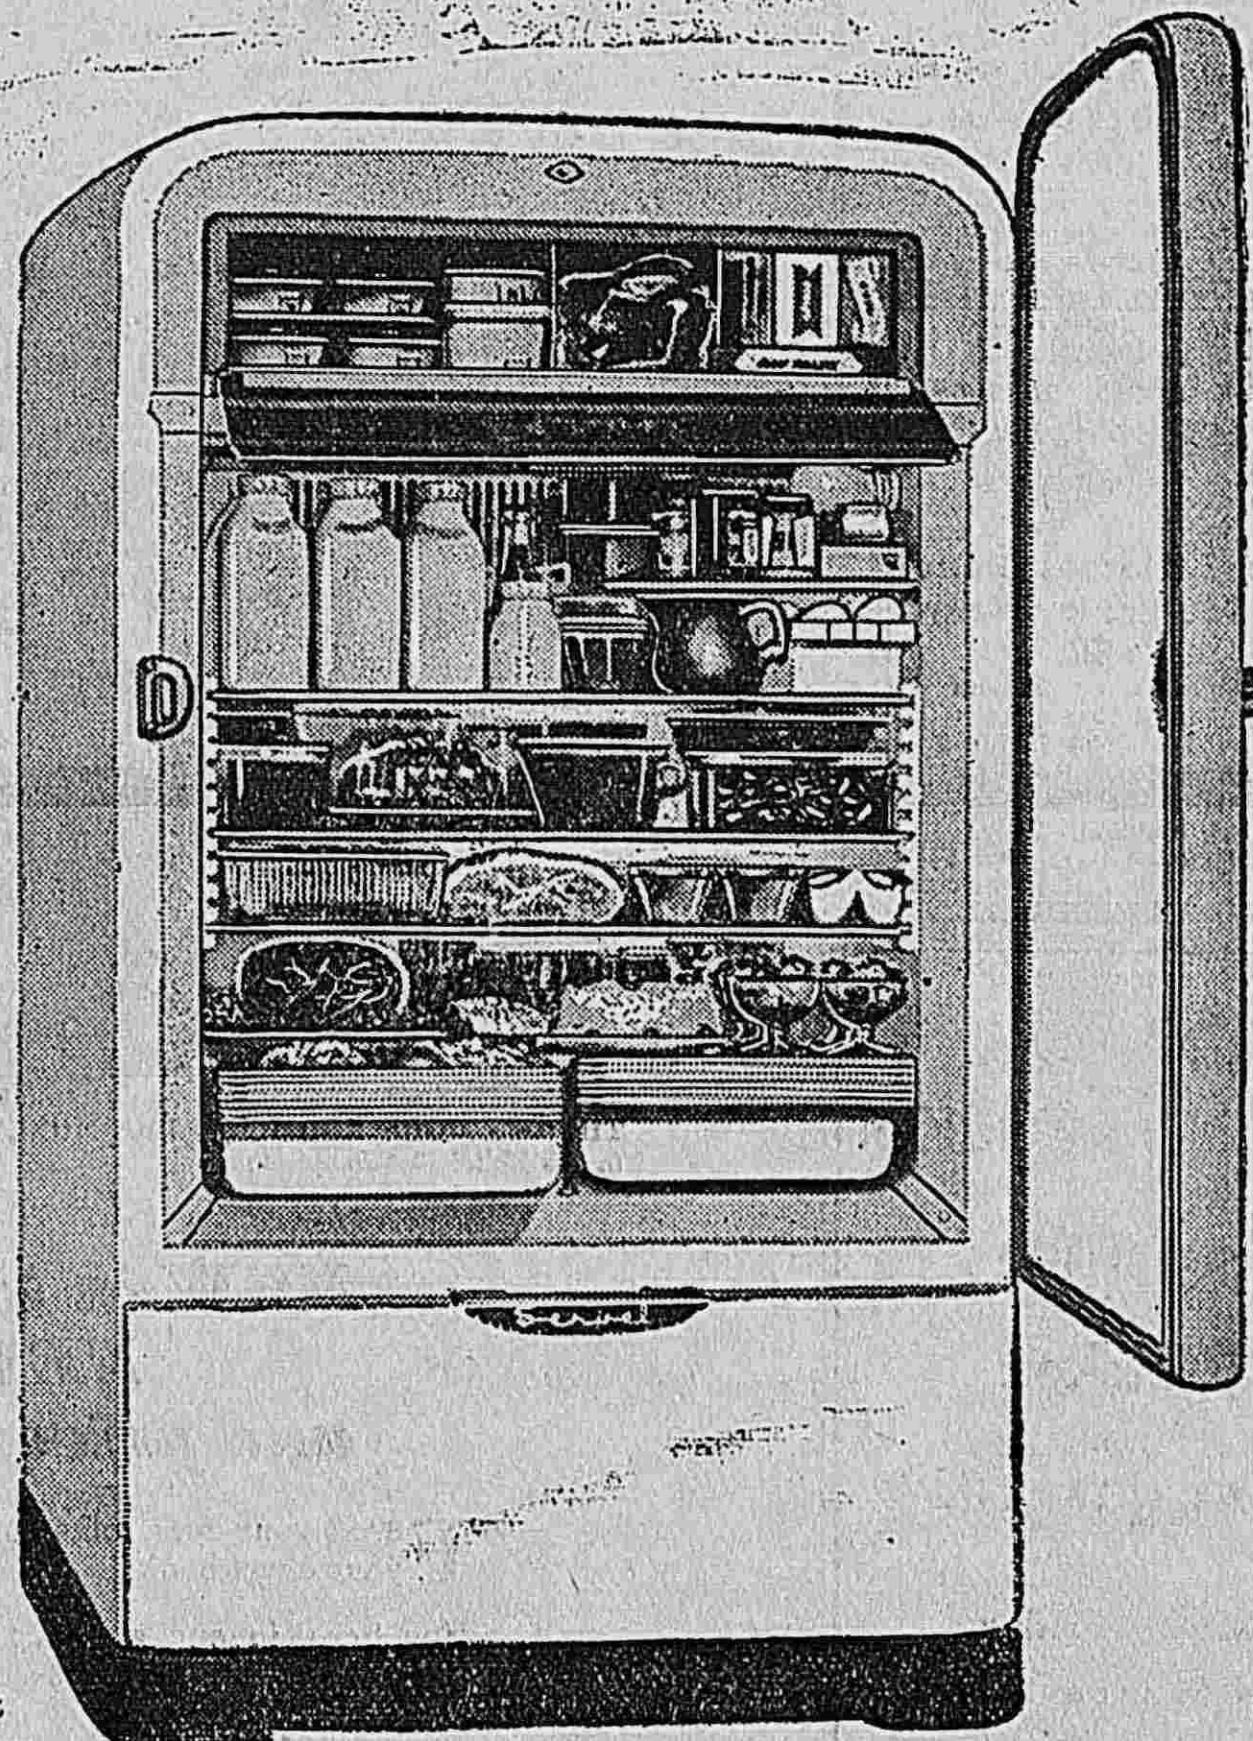

\*Cyclor Fluid Drive

LASTS  
LONGER**

It's America's top refrigerator buy! For the Gas Refrigerator alone brings you the famous basically different freezing system without a single moving part to wear or make noise. Just a tiny gas flame does the work. So Servel stays silent, lasts longer, as more than 2,500,000 owners know.

You'll find every new food-keeping convenience in the beautiful new Servels, too. There's a big frozen food compartment. Plenty of ice cubes, in trigger-release trays easy to pop out. Loads of tall bottle space too. And shelves that adjust up or down, slide in or out—Plastic-coated for easy cleaning. There are big dew-action fresheners to keep fruits and vegetables garden crisp.

Come see them today at your dealer's or our nearest store. Discover why the famous Servel Gas Refrigerator outranks all others for value.

**PUBLIC SERVICE COMPANY  
OF NORTHERN ILLINOIS**

● FROZEN FOOD COMPARTMENT

● PLENTY OF ICE CUBES

● ADJUSTABLE SLIDING SHELVES

● BIG VEGETABLE FRESHENER

● NO NOISE—NO WEAR

STAYS SILENT... LASTS LONGER

**Servel**  
The GAS Refrigerator

**Oil Wells**

In drilling for oil, man makes his deepest earth penetration without going below the surface himself. One Texas hole, though it never produced, was drilled three and one-sevenths miles before being abandoned. Oil flows from two and two-thirds miles down in a productive well of the Louisiana bayou country.

**"Tree of Life"**

Brazilians call the carnauba the Tree of Life, because it meets almost all their needs. The fronds themselves, for example, are large and their fibers strong and pliable, making them suitable for use in hats, baskets, brooms, nets, cordage, and roofs for houses.

**Cross-Eyes**

A cross-eyed condition is not always easily recognized. If neglected, it may cause loss of vision in the out-of-line eye. For this eye is likely to be used less and less until, in many cases, it becomes blind. Then it may resume its normal position.

**Badly Needed**

Safety and conservation have still to find a widely recognized place among our school studies.

**POLIO POINTERS by Lalla**

**The KENNY TREATMENT**

OF WHAT DOES  
KENNY TREATMENT  
CONSIST?

**1** HOT PACKS AND ATTENDANT PROCEDURES TO RESTORE SHORTENED MUSCLES TO NORMAL AND PREVENT DEFORMITIES

**2** MUSCLE AND TENDON STIMULATION TO RESTORE ALIENATED OR PSEUDO PARALYZED MUSCLES TO FULL FUNCTION

**Where is Kenny Treatment Available?**

Kenny treatment centers in various parts of the country accept acute polio cases for treatment as they are referred by patients' physicians. Treatment is applied by Kenny

**3** NEURO-MUSCULAR RETRAINING TO INSURE MAXIMUM DEVELOPMENT OF NORMAL PATTERNS OF MOTION.

THERE'S MORE ROOM FOR THE MONEY  
in this Model 43 4-door Sedan.

**NEW in looks—NEW in room—  
NEW in handling—  
and priced right down your alley!**

**F**EAST your eyes, folks—and reach for your checkbook.

For here, in one stunning, swift-lined bundle, is everything—yes, everything—you've been hoping for.

New style note? Well, just look at that brand-new idea in front-end styling. Grille, bumper, bumper-guards and even parking lights all combined in a single, sturdy assembly that means you can't "look horns" with other cars.

New over-all size? We've trimmed inches from its over-all length for handiness in traffic—yet here's still the generous wheelbase that spells a level-going ride.

FOR THE BUSINESS TRAVELER, here's a tidy 2-door, 3-passenger model with the entire rear-seat area available for luggage, sample cases, etc.

New roominess? Swing open the doors—a thumb-touch does it!—and gaze on the biggest interiors you can buy for the money, with sofa-wide front seats and no less than 12 more inches in rear-seat hip-room.

Slip behind the wheel. Finger-easy Synchro-Mesh transmission if you choose—the satiny smoothness of Dynaflo Drive\* as optional equipment if you want the very latest thing.

And if power is your meat—just lift the

bonnet and look on a husky Fireball power plant of 110 horsepower with conventional transmission, 120 with Dynaflo Drive.

Surely here's a car big as your fondest ambition—yet price-wise it's right down your alley! Fits modest family budgets as it fits modest-size garages, puts Buick in reach of still more people!

So here's really a "must see" item! On display now, in three trim-'n'-tidy body types, it won't stay long on dealers' floors. Go now—see it and get that order in!

This Week's Bible Verse—

And all the title of the land, whether of the seed of the Seed or the land or of the fruit of the trees is the Lord's: It is holy under the Lord—even of whatsoever passeth under the rod, the tenth shall be holy unto the Lord Lev.—27:30-32. Thus the first income tax was written by the hand of Divinity and handed to Moses on Mount Sinai. (The old Hebrew title) to be used for church and state.

Any system of government that offers the same rewards to the man who loafs as to the man who works is going to kill the greatest force that has made the United States the country the whole world envies.

Indians?—  
When the white man discovered this country the Indians were running it. There were no taxes, there was no debt. The women did all the work. And the white men thought they could improve on a system like that!  
—The Celotexer.

Seeing Is Believing—  
Want to bet that you can place a dime on the table-top in this picture without touching an edge? Before you wager too much, you'd better try it.—Adapted from a Chicago Times advertisement in Tide.

This Week's Recipe—  
Apple Pie  
Here is a suggestion on how to eat apple pie. Just turn the sharp point of the wedge away from you and you can conclude with a mouthful of juicy filling instead of munching on a great chunk of crust. Try it this way once and note the difference.

Sour Cream Dressing—  
For an elegant sour cream dressing (saves on oil), mix a cup of sour cream with 2 tablespoons vinegar, 2 teaspoons sugar, 1 teaspoon prepared mustard, 1/2 teaspoon salt, and a little paprika. Good with any vegetable salad, wonderful with cucumbers or sliced tomatoes.

Pome Dept.—  
Women's faults are many, Men have only two.  
Everything they say  
And everything they do.

## GRANDPA SPLINTER'S DAFFINITIONS

Advertising—  
The art of making people think they've always wanted something they've never even heard of before.

Average American—  
A person who works himself to death so he can live.

Average Husband—  
One who lays down the law to his wife and then accepts all her amendments.

Censor—  
A person who thinks all people are as nasty as himself and hates them for it.

Conference—  
An organized method of not doing business.

Conscience—  
The part of you that feels terrible when everything else feels wonderful.

Dessert—  
The course that people with upset stomachs should eat first.

Quizzers—  
What four animals can you shoot by firing one bullet?  
Answer Next Week  
Answer to last week's Quizlet: A scrub woman washing the floor. See you next week.

• We do not believe in offering or using substitutes that are "just" as good in our Service Department. Good service is not cheap, but on the other hand cheap service is not good.

## NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN by the Board of Education of School District No. 34 in the County of Lake, State of Illinois, that a tentative budget and appropriation ordinance for said School District for the fiscal year beginning July 1, 1949 will be on file and conveniently available to public inspection at the home of Henry J. Rentner from and after 9 o'clock A. M., 12th day of August, 1949, at Antioch, Ill., in this School District for a period of thirty days.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 8 o'clock P. M., 13th day, September, 1949, at The Antioch Grade School in this School District 34.

Dated this 9th day of August, 1949  
Board of Education of School District No. 34, in the County of Lake, State of Illinois.

By Henry J. Rentner, Secretary (2-4c)

## Adjudication and Claim Day Notice

NOTICE IS HEREBY GIVEN to all persons that the first Monday of October, 1949, is the claim date in the estate of Maud May Griffin (also known as Maude May Griffin) Deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A. M.

Robert Leroy Griffin, Executor  
Edward C. Jacobs, Attorney  
Post Office Building  
Antioch, Illinois (1-3)

## NOTICE OF PUBLIC HEARING

Notice is hereby given by the Board of Education of School District No. 117 in the County of Lake, State of Illinois, that a tentative budget and appropriation ordinance to public inspection at 950 Hillside Avenue, Antioch, Illinois, from and after twelve o'clock noon, Friday, August 5th, 1949, in this school district for a period of thirty days.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at eight o'clock P. M., Wednesday, September 7th, 1949, at Antioch Township High School in this school district 117.

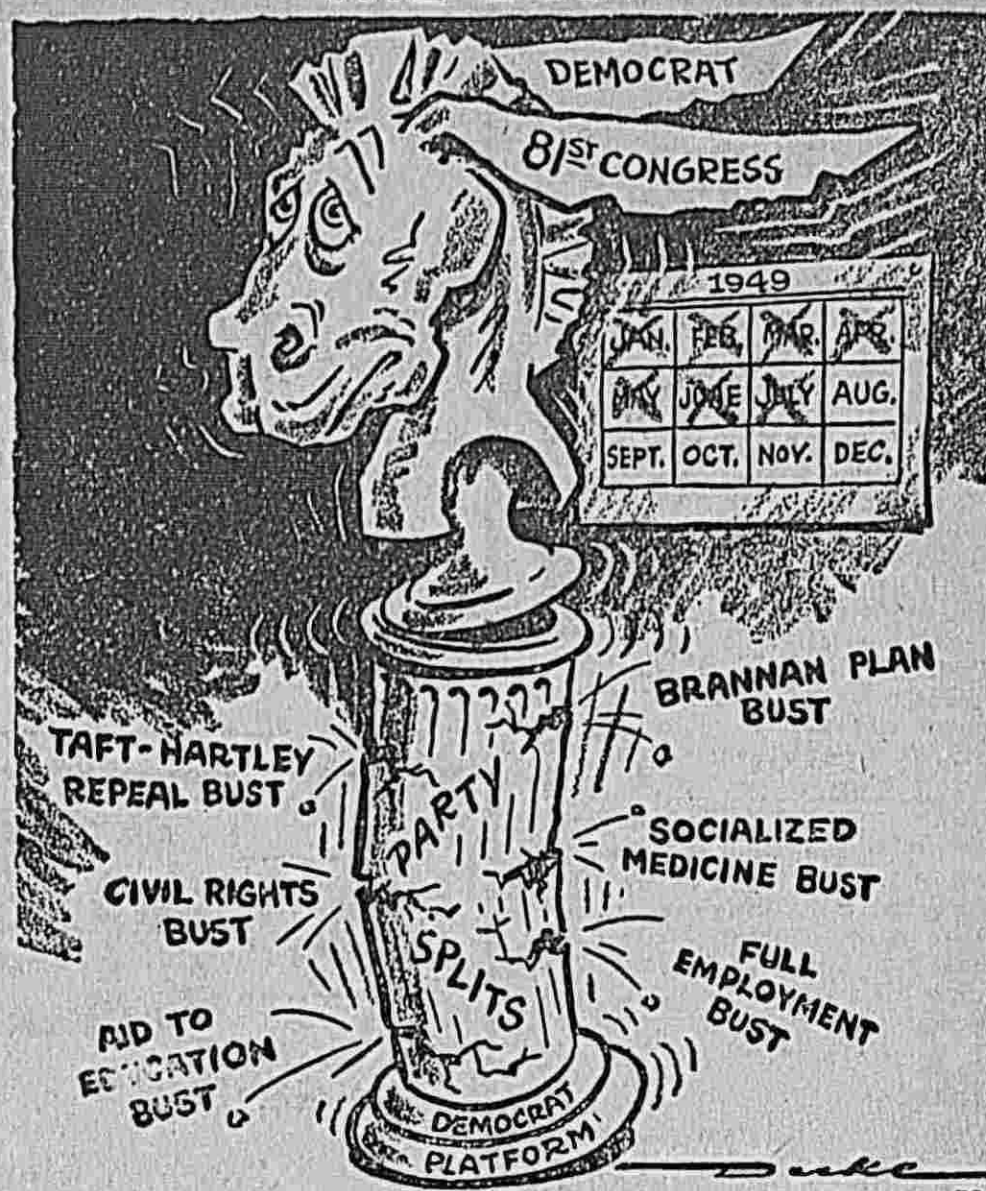

Dated this third day of August, 1949.  
Board of Education of School District No. 117, in the County of Lake, State of Illinois.

By Helen Osmond, Secretary (1-5c)

## "Best Fed Nation"

"It is time to dispel the notion that America is the best fed nation," says Dr. Glen King, scientific director of the Nutritional Foundation. "It is because the food habits of many Americans are so poor that we don't make use of what we have." Dr. King points out that some of the results of poor food habits are lesions of the tongue, lips, gums, eyes, and skin; subnormal blood formation and goiter in 20 per cent to 40 per cent of high school children in many communities.

## THE BUST!

## HEALTH HINTS for LIVESTOCK

## U. S. SHOULD NOW ERADICATE RABIES

Modern vaccination for rabies is 95 per cent effective. Federal agencies and many states have funds and authority to fight this treacherous disease. And everyone agrees on how to control it.

So, there is no excuse for allowing the dread virus of rabies to go on striking down 8,000 to 10,000 animals and persons each year in this country. Rabies can be eradicated here—just as it has been in England, Norway and Sweden.

People usually think of rabies as a "mad dog" disease—especially common in stray dogs. But it is more than that. Actually, all warm-blooded animals can and do have rabies. Nearly 1,000 head of farm livestock were among the 9,000 reported victims in 1947. Most cases are traced to bites from dogs, but rabid squirrels, skunks, foxes and other animals are responsible for many outbreaks.

Rabies is tricky, too, because the symptoms vary in different cases. Fierce dogs may become docile, quiet dogs may become aggressive, before they go into the "mad" stage. Rabid cows and horses become wild and

excitable, with a tendency to bite and kick or bunt at moving objects. In the final stage, any animal or person dying of rabies goes into a state of collapse and paralysis.

What to do about it? If rabies is suspected in a dog or other animal, call the veterinarian at once. The case must be reported.

All shaded states reported rabies cases in 1947.

But the real answer is prevention—and widespread preventive measures can eradicate rabies and end this threat to the animal and human populations. Annual vaccination of dogs, coupled with strict control of dogs in rabies areas, is the answer. All dog owners should co-operate with veterinarians and other authorities in every effort to stamp out this deadly disease.

## "Virginia Tobacco"

North Carolinians can't do anything about it, but most so-called "Virginia" tobacco is raised in their state, and they also raise more "Virginia" peanuts than Virginia does.

## Bird Imitators

Mockingbird is famous throughout the world for the wonderful way it can imitate the sounds of other birds.

## Uncle Sam Says

City dwellers may complain of the hot days but farmers realize how necessary sunshine is to their growing crops. They know full well that without sunshine there will be no food—just as they know that without financial security they have no protection for retirement or for the hazards of farming. This fall, when the crops are all in, they will welcome the opportunity to invest a lot of their profit in additional Savings Bonds. With these Bonds they are confident about the future—for security in old age or for any emergency. \$75 in Savings Bonds grows into \$100 in ten years time.

## Cotton Insect Damage

Even though the percentage of cotton insect damage in 1948 was the second lowest since 1924, such destruction last year cost the cotton farmer \$202,264,000 and reduced his yield 6.6 per cent. In 1944, when damage was lightest in 20 years, the yield was reduced 6.2 per cent.

## Edison's Modesty

Thomas A. Edison's capacity for concentration and hard work was exceeded only by his modesty. Once, upon being complimented as an inventive genius, he replied: "I'm a good sponge. I absorb ideas and put them to use. Most of my ideas belonged first to other people who didn't bother to develop them."

## Zippy Touch

Horseradish and steak—a grand duet. Just add a little of this relish to the meat gravy right before serving time for unusually savory results.

## Customers' Corner

Have you ever noticed the date stamped on each carton of A&P eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. We never sell eggs more than a few days after grading even though we know they will stay fresh longer. Each carton is dated, and eggs unsold by the above date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write: Customer Relations Department, A&P Food Stores, 420 Lexington Avenue, New York 17, N. Y.

## Hamburger is

A GOOD AMERICAN WORD MEANING

## Ground Beef

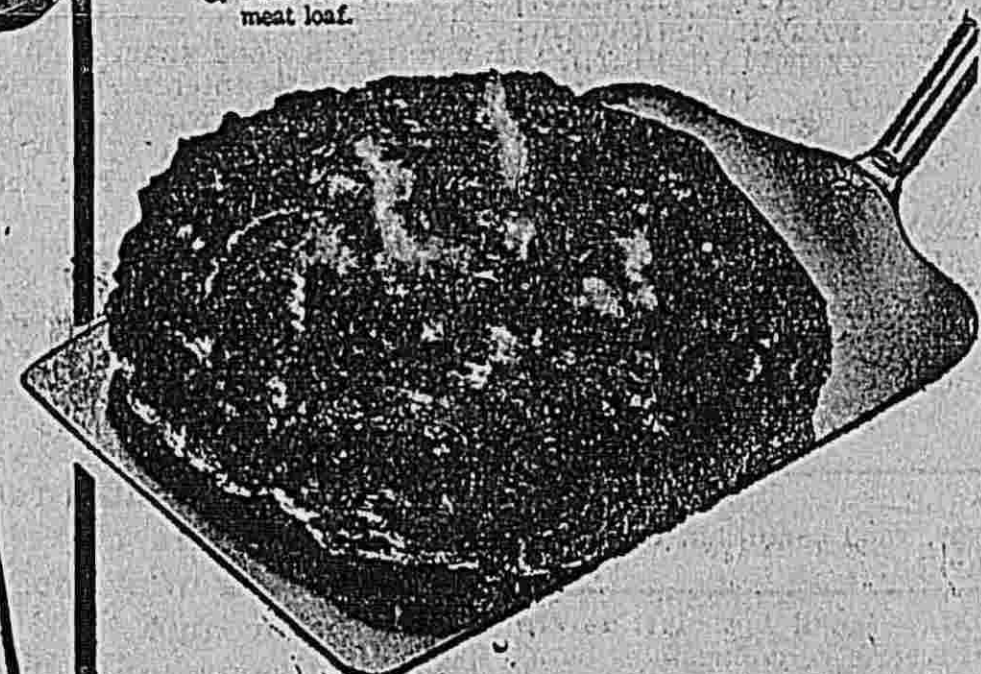

Homemakers Everywhere Applaud A&P's Standards

Which Assure HAMBURGER THAT IS ALL BEEF...

FRESH, LEAN, GRAND-TASTING, and EXTRA THRIFTY!

Hamburger can be made to sell at any price. Why not, when it's so easy to lose in fat pork and lamb trimmings, etc. But note this well: A&P POLICY DOES NOT PERMIT THE USE OF ANYTHING BUT BEEF FOR HAMBURGER. Here's what you get at A&P:

1. ALL BEEF, freshly ground many times a day.
2. EXTRA LEAN—Minimum amount of fat. This means MEAT in your cooking pan, instead of excess grease (which cooks out of overly-fat hamburger).
3. Fine fresh beef flavor. Wonderful for meat patties and meat loaf.

## "SUPER RIGHT"

## GROUND BEEF

Don't expect to find hamburger at two or three different prices at A&P. We have only one "SUPER RIGHT" grade, as described above. We have only one economical price. That's why A&P ground beef is your best buy everytime.

53c

OTHER GUARANTEED "SUPER RIGHT" MEAT VALUES.  
All A&P's Selected Quality, "Super Right" Trimmed Before Weighing To Remove Excess Bone & Fat... To Give you More Good Eating, Better Value!
